

## TROUBLE WITH CHINA

American Soldiers Accidentally Kill a Chinaman.]

## THEY ARE AT ONCE KIDNAPED.

Carried Off by the Authorities but Unlaid States Marines Are Making a Desperate Attempt to Locate and Restore Them at All Hazards—The Affair Has Created a Sensation at Washington.

LONDON, Feb. 4.—A dispatch from Shanghai says a telegram has been received there from Chian-Kiang, United States ship Concord landed at Chian-Kiang for the purpose of shooting game. They by accident shot a Chinaman. The populace became infuriated and attacked, seized and carried off the whole party. The commander of the Concord sent an armed force of blue jackets and marines to rescue them at all hazards. Further news in regard to the affair is anxiously awaited.

## IT WILL CREATE A SENSATION.

What Is Thought of the Kidnaping Affair at Washington.

WASHINGTON, Feb. 4.—The reported kidnaping of the officers of the United States ship Concord, at Chian-Kiang, in China, reached Washington at too late an hour to permit it to be inquired into in naval or diplomatic circles. Up to the present time no news on the subject has been received by any of the government officials.

The situation will create a profound sensation, and unless later reports show that the captured officers are at liberty other vessels will probably be hurried to the scene. Knowing the condition of the Chinese at the present time, and the way in which they are likely to deal with prisoners, there will be great anxiety until the safety of the party is assured.

A courtmartial will probably follow, as the policy of the United States government is to require unusual care in such cases. A few years ago a lost torpedo from a United States warship was exploded by some Japanese who found it on the beach. One of them was killed, and though the Japanese government declared it held the officer of the warship blameless, there was a courtmartial and the officer was severely reprimanded.

The Concord is a twin screw steel gunboat of 1,710 tons displacement, carrying a main battery of six 6-inch breech loading rifles. She is commanded by Joseph E. Craig and has a complement of 13 officers and 180 men. She arrived at Chian-Kiang last Friday. The vessel was built at Chester in 1888, and has a speed of 17 knots.

The following is the list of officers of the Concord: Commander, Joseph E. Craig, commanding; Lieutenants, E. S. Prime, G. A. Merriam, William Hogg and W. A. Gill; ensigns, Marbury Johnson, C. M. Faks and L. H. Everhart; naval cadets, Chester Wells, J. B. Potter and A. M. Proctor; surgeon, W. A. McClurg; paymaster, Henry R. Smith; assistant engineer, J. B. Patton; cadet engineer, J. R. Brady.

The other ships now belonging to the Asiatic station are the Baltimore, Captain B. F. Day, protected cruiser, 4,418 tons, four 8-inch and six 6-inch guns; Charleston, Captain G. W. Coffin, protected cruiser, 3,630 tons, eight 6-inch guns; Yorktown, Commander W. F. Folger, same as Concord; Detroit, J. S. Newell, cruiser, 2,094 tons, eight 5-inch guns; Machias, Commander E. S. Houston, gunboat, 1,177 tons, eight 4-inch guns; Petrel, Lieutenant Commander W. H. Emory, gunboat, 892 tons, four 6-inch guns, and Monacacy, Commander R. E. Inupay, paddle wheel steamboat, 1,270 tons, six old fashioned guns.

Rear Admiral C. C. Carpenter commands the station with the Baltimore as his flagship. He will undoubtedly act with promptness.

## IMPORTANT CAPTURE.

Two Desperados Arrested After a Bloody Battle.

CHECOTAH, I. T., Feb. 4.—Sheriff Lake of Pawnee county, O. T., and posse, consisting of Deputy Sheriff F. M. Canton and Dr. Bland of Pawnee, Deputy Marshal Dean Hogan of Muscogee, Deputy Marshal John McCane and Robert McClane of Checotah, made an important capture of Will and John Shelly, alias Pierce, 10 miles east of here yesterday.

The Shelly brothers, who were held for grand larceny, broke jail at Shawnee Sept. 5 last. They were apprehended in a house owned by Sterling Hood, who knew nothing of their reputation as criminals, and when ordered to surrender opened fire, wounding Deputy McCane and Dr. Bland slightly. The officers returned the fire, shooting Will Shelly through the legs. Coal oil was procured and the house was fired after about 75 shots were fired. All hope of escape from the flames, and the determined officials being gone, the desperate men surrendered and were brought to Checotah.

ST. AUGUSTINE, Fla., Feb. 4.—A grand reception was given Mrs. U. S. Grant at the Ponce de Leon hotel Saturday night, which was attended by several thousand people, including many visitors of the hotels here as well as the residents of the vicinity. The soldiers of the Third artillery, stationed at St. Francis barracks, acted as guard of honor. The reception was enthusiastic. The wife of the great general and president stood for two hours shaking hands with the multitude who thus honored her dead husband.

## POLICE KEPT BUSY.

Nonunion Men Having Their Troubles in Brooklyn.

BROOKLYN, Feb. 4.—The police spent a busy day yesterday in their efforts to preserve order and prevent the crowds that gathered in the various tough districts from maltreating the nonunion men in charge of the trolley cars. In several instances the motormen were severely beaten before police assistance arrived. No riots, however, of a serious nature occurred during the day.

At Third avenue and Fortieth street the line was unnumbered in the morning with a great pile of boards, boxes and other material of a heavy nature. Every car that passed was held up by the obstruction, and while conductors and motormen were engaged in removing the debris they were pelted unmercifully with bricks, mud and snowballs. Many of the men's assailants were merely strike sympathizers and street loafers but they were just as enthusiastic as though their lives depended upon the outcome of the strike.

A great many arrests were made of strike sympathizers who persisted in throwing stones and waylaying all the nonunion men in sight. Some of these arrested were small boys.

Allan Hoagland, a new hand employed by the Brooklyn Heights Rail road company, had the temerity to take his car out on the Green Point line without waiting for the two special policemen who were detailed to protect him and the company's property. When the car reached Franklin and Huron streets, two men jumped on the front platform and pulled Hoagland off. They threw him to the ground and kicked him unmercifully. Hoagland drew his revolver and fired two shots, neither of which took effect. The men fled before the police reached the spot. The motorman received an ugly scalp wound in the scuffle.

Mayor Schieren, when seen at his residence last night, said he had received no notification that the railway companies were going to arm their employees, and that when he is notified it will be time for him to take action.

"I don't think there will be any trouble at the meeting of strikers and sympathizers at the city hall," said he, "for the men and other citizens have a right to go there, and I presume they will behave themselves in an orderly and quiet manner."

The mayor denied the rumor that he had been in consultation with General McAleer as to the advisability of calling out the troops again. "The companies seem to have enough men to run the cars," said he, "and yesterday was the quietest day since the strike began. There will be no necessity of calling out the militia as matters will grow quieter day by day."

"There are two men in the city," concluded the mayor, "who are doing too much talking and they are President Norton and Martin J. Connelly."

Master Workman Connelly issued a manifesto to the citizens of Brooklyn yesterday evening on behalf of the striking motormen and conductors. He calls upon the citizens to arm themselves in self-defense now that President Norton has, as Connelly alleges, "proposed to arm his men in defiance of the police department."

## PROSPECTORS FROZEN TO DEATH.

Eight Lives Lost in the Rainy Lake Gold Region.

DULUTH, Feb. 4.—Several reports have been received in Duluth during the winter of prospectors in the Rainy Lake and Seine river gold country being frozen to death. A man by the name of McLain was picked up within two miles of Rainy Lake city on New Year's day frozen stiff, after he had walked only one mile. The thermometer was 42 degrees below zero.

Yesterday D. A. Melrose, who owns a great deal of valuable gold property in the Rainy Lake and Seine river district received a letter from James Cummings, stating that of a party of nine prospectors who were near Wild Potato creek, about 100 miles from Rainy Lake City and about 50 miles from Fort Frances, on New Year's day, he was the only survivor.

Cummings stated that it fell to 48 below zero on New Year's day, and that all of the party sank from exhaustion from the effects of the cold. He managed to reach a camp near Wild Potato creek and thinks his companions were frozen. There is a variance of opinion in Duluth, but the men who have been in the gold region, say the cold there is terrible. Melrose left last night for St. Paul, but said he knows only what Cummings tells him in his letter, although he thinks it true.

## DISSATISFIED NEGROES.

Thousands of Them Going to Mexico, Where They Will Be Colonized.

NEW ORLEANS, Feb. 4.—A party of 300 negroes passed through here over the Queen and Crescent yesterday evening. They came in a special train, which left Birmingham the previous night. These negroes are the first of a large party of perhaps 10,000, who will pass through the city during the next few months en route to Mexico. The Mexican colonization company, having headquarters in Mexico, have secured large concessions of the Mexican government on the Mapino river, and these negroes are being imported to raise coffee.

Mr. Peg Williams, the agent of the company in this country, says that the negroes are all anxious to seek new homes that the low price of cotton has resulted in correspondingly decreased wages, creating dissatisfaction among them.

## FATALLY SQUEEZED.

VANCEBURG, Ky., Feb. 4.—John Fowler, a sawmill man, was probably fatally injured near Carter City while cutting down a poplar tree.

## A JAPANESE VICTORY.

Liu-Kung-Tau Fallen After Desperate Fighting.

## THE FORTS BADLY DAMAGED.

Many on Both Sides Were Killed and Wounded and a Large Number of Prisoners Were Taken—Details of the Battle at Wei-Hai-Wei—Peace Envoys Fall in Their Mission.

LONDON, Feb. 4.—A dispatch sent from Che-Poo states that the Japanese have captured the island of Liu-Kung-Tau, off Wei-Hai-Wei, after desperate fighting.

The dispatch adds that the Japanese fleet maintained a terrific fire on the island forts for several hours. The Chinese gunners responded spiritedly. Several of the Chinese guns were disabled toward the close of the bombardment. The forts were badly damaged.

Finally, while the Japanese were still firing at the island forts, six vessels lowered boats filled with marines armed with cutlasses and carbines. These boats were pulled ashore in the teeth of the enemy's fire, and the Japanese carried all the Chinese batteries successfully by storm after fierce fighting. Many on both sides were killed or wounded. A large number of prisoners were taken. When the dispatch left, the Chinese and Japanese fleets were hotly engaged.

## Details of the Battle of Wei-Hai-Wei.

YOKOHAMA, Feb. 4.—Further details of the fighting at Wei-Hai-Wei are at hand, and from these it is learned that on Thursday last the Japanese manned the Pai-Chu-Hyaiso forts, on the southwestern side of Wei-Hai-Wei, which forts had been captured by them the day previous. The batteries of these forts, together with the combined guns of the fleet, were then directed against the Chinese warships with such good effect that the latter sought shelter out of range of the guns. A high wind that was prevailing prevented the Japanese from renewing the attack.

There are conflicting accounts of the result of the fighting. The Japanese papers declare that 10 Chinese men-of-war and some torpedo boats were captured. According to other reports two Japanese vessels were sunk and another seriously damaged.

## They Did Not Know Their Mission.

PARIS, Feb. 4.—A dispatch from Tokio states that the Chinese envoys were quite ignorant of the trick that had been played upon them by the Chinese government. They supposed that they had been given full powers to treat for peace. When their credentials were opened it was found that they had no power either to conclude or sign a treaty for peace. Count Ito Hirobumi, president of the council of ministers, told them that Japan was willing to reopen negotiations with a properly empowered embassy.

## Peace Envoys Sent Home.

HIROSHIMA, Japan, Feb. 4.—The envoys from China who were sent to negotiate for peace with Japan, will leave this city for Nagasaki tomorrow. An examination of their credentials revealed the fact that the envoys did not have plenary power to treat for peace and they were thereupon told that they had better return to their own country.

## Japs Meeting With Reverses.

LONDON, Feb. 4.—A dispatch to The Times from Tien-Tsin says that the latest news received there from Wei-Hai-Wei show that half the northern forts on the main land are holding out against Japanese assaults. A Japanese ship was damaged and a torpedo sunk while attempting to force the northern entrance of the harbor.

## Credentials Imperfect.

YOKOHAMA, Feb. 4.—Representatives of the Associated Press have information from a reliable source that the credentials of the Chinese peace envoys were found to be imperfect and that the Japanese authorities refused to conduct any negotiations with them. It is further said that the envoys were told to leave.

## Failed to Escape.

LONDON, Feb. 4.—A dispatch to The Times from Wei-Hai-Wei states that the Chinese fleet made an attempt to escape from the harbor, but failed.

## DISCOVERED IN TIME.

Wholesale Attempt at Jail Delivery in Mexico Frustrated.

CITY OF MEXICO, Feb. 4.—A well planned attempt at wholesale jail delivery has been thwarted by Colonel Simon Santaella, warden of Bolein prison. Suspicions were aroused some days ago, and by a search of the department assigned to the night school the discovery was made of a monster tunnel close to the door of the schoolroom.

After cutting through the foundation upon which rests the walls of the gallery where the condemned are confined, the subterranean passage continued 40 yards, perforating the walls that lodge the hundreds of prisoners that are awaiting trial. The engineering feat, which has miscarried, in a few days would have released 3,000 prisoners, as the tunnel had been planned to pass under all departments of the prison, so that it could have been reached by digging a few feet beneath the floors of the various wards.

## Died of His Injuries.

ELWOOD, Ind., Feb. 4.—Mort Lane was thrown out of Paul Clovis's saloon last Wednesday by Bartender Massard, striking his head on the right side hard enough to produce concussion of the brain. He lingered unconscious until 9 o'clock last night, when he died.

## PROSPECTS OF PEACE.

Negotiations Are in Progress Between Mexico and Guatemala.

CITY OF MEXICO, Feb. 4.—Negotiations are in progress between Mexico and Guatemala. There is every hope of a pacific settlement. Guatemala's envoy, De Leon, is most conscientiously working to bring about a pacific settlement. He says he has great hopes of success and is ably seconded by Foreign Minister Mariscal, who, like his government, is imbued with a spirit of peace. It is announced that both foreign ministers have finished studying notes of their respective governments, and the coming week will probably see a decision reached.

The only war talk heard here is by foreigners, and foreign newspapers that arrive contain more sensational news than was ever known here. The government of Mexico, so as to be prepared for any emergency, is leaving no stone unturned. Judges, lawyers and law students have organized themselves into a species of national guard and are drilling daily.

A prominent military man says that if even there is no war the world has seen that Mexico can mobilize her army quickly, and the army is in excellent condition and up to the standard.

## Several Firms Burned Out.

VERSAILES, Ky., Feb. 4.—A disastrous fire broke out here at 2 o'clock Sunday morning and raged fiercely until 4:30. The fire started in the furniture store of Taylor & Company, and before the fire department arrived it had spread to adjoining buildings and soon was beyond control. The following buildings were destroyed: J. Amstern & Company's bank; W. S. Taylor & Company, furniture; J. E. Neel, grocery; H. Lonsberg, furniture; A. J. Kinney, tailor; J. M. Ducker's dwelling; D. L. Thornton's dwelling and the Woodford library. Loss about \$53,000.

## Glass Factory Burned.

ROCHESTER, Pa., Feb. 4.—The Phoenix glass factory, located at Monaca, across the river from this place, burned to the foundations yesterday afternoon. The loss is \$175,000, with some insurance, but the amount is unobtainable at present. The works were the principal ones of the town and employed 500 hands. The works were owned by a stock company, and the main office was in Pittsburg. Whether or not the works will be rebuilt could not be learned as none of the members of the company were in town.

## Accused of Being Short.

KOROMO, Ind., Feb. 4.—Burgess Ray, commissioner of drainage of Howard county, was removed from office Saturday with his accounts in a badly tangled condition. Reports are due on 11 public ditches, involving several thousand dollars, and the officer is also accused of illegal collection of fees. The amount of the shortage, if any, will not be known until the books have been thoroughly examined, though the bondsmen expect to be held for a goodly sum.

## Death of Judge Baxter.

NASHVILLE, Feb. 4.—Judge Nathaniel Baxter, one of the oldest and most prominent men in this city, died suddenly at his home at 5:20 yesterday morning from heart failure. He was 83 years old, had been a prominent lawyer and circuit judge, was the father of Ed Baxter, leading counsel for the Louisville and Nashville railroad; Nat Baxter, president of the Tennessee Coal, Iron and Railroad company, and Jere Baxter, a prominent railroad organizer.

## Condition of Mr. Huntington.

WESTCHESTER VILLAGE, N. Y., Feb. 4.—Numerous inquiries have been made regarding the health of Collis P. Huntington, the railroad magnate and millionaire, who resides in this village. Although Mr. Huntington is not in robust health, he was able to go to his office Saturday. He is suffering from a cold and general indisposition resulting from this, but his ailment is not of such a nature to be considered serious.

## Factory Damaged by Fire.

MINNEAPOLIS, Feb. 4.—A fire in the Minneapolis establishment of the Moline plow works of Moline, Ill., yesterday afternoon, caused a loss of about \$100,000. The company had recently received several carloads of farm implements for the spring trade and suffered a loss of nearly \$50,000, which was fully insured. The building was damaged about \$20,000; partly insured. Fire started in the basement from a heater.

## Passenger Train Wrecked.

TOPEKA, Feb. 4.—The through east-bound Rock Island passenger train was wrecked yesterday afternoon, 12 miles west of Topeka. A broken rail caused the engine and all the cars to leave the track, but they did not turn over. About 20 passengers were scratched and two men from Pennsylvania sustained painful but not serious injuries.

## French Troops Advancing.

ZANZIBAR, Feb. 4.—Advices from Madagascar under date of Jan. 23 are to the effect that the French occupied Mojauga on Jan. 16. The Hovas made no resistance. The French commodore had entered the estuary of the Ikopa river and was bombarding the forts on that stream when the advices left.

## Faced Death Rather Than Marriage.

NASHVILLE, Feb. 4.—At Sparta, this state, J. Cantrell, aged 18, of good family, committed suicide Saturday with a revolver. He was to have been married Sunday and it is alleged that objections of his parents to the marriage caused him to take his life.

## Election Riots.

SOFIA, Feb. 4.—Serious election riots occurred yesterday at Tirnova. The gendarmes charged the rioters, injuring 10 of them seriously.

## TERRIFIC EXPLOSIONS

One of Them Follows Another in Rapid Succession.

## BOTH RESULT DISASTROUSLY.

A Number of People Injured, Several of Them Fatally, in the Riverside Furnace at Steubenville, O.—The Accident Occurred at the Dinner Hour and Thus Many Employees Were Saved.

STUEBENVILLE, O., Feb. 4.—Two explosions occurred yesterday at Riverside furnace in this city, injuring a large number of workmen, several of them fatally. The explosions were caused by stock in the furnace settling and the accumulated gas between what had settled and was hanging above, blowing out tons of stock and bricks.

The first accident was a small explosion which occurred in the morning, when considerable stock was blown out, and the igniting gas set fire to the clothes of Pat Timlin. He ran out of the factory and was rolled in the snow, his blazing clothes torn off by William Burke. He is burned from head to foot, and is not expected to live.

The second explosion took place early in the afternoon and was the worst, the material blown out wrecking the roofs of all the buildings as if they had been cannonaded. The explosion occurred at the hour when the whistle was blowing for work, and few men were around, or more would have been injured. A score of men were burned or injured by flying missiles. The following are the worst injured:

Jack Dunn, shoulder blade broken, head cut, hurt internally.  
Michael Carroll, hair burned off, head and face scorched, hit on the head with bricks.

James Cauffman.  
James Barrett.  
John Clinton.  
Fred Bowman.

All were badly injured with flying material. The ground for 200 yards around the furnace is covered with brick, coke and other debris.

## DETAILS OF A DISASTER.

How Over a Hundred Lives Were Lost in the Water.

RIO JANEIRO, Feb. 4.—Following are the details of the burning of the ferryboat Tereira and the loss of over 100 lives, a brief account of which was cabled the Associated Press at the time of the disaster.

The Tereira, with over 300 passengers, left the Rio side of the bay at about 6 p. m. San Domingo was one of the points of disembarkation, where it landed perhaps 200 persons and received on board 50 others. Soon after backing out of the dock at San Domingo and turning toward Praia Grande, another point on the Niteroi side, it was discovered that the Tereira was on fire and burning rapidly.

At the same time the ferryboat Quinta left Praia Grande in the direction of San Domingo, having aboard quite a large number of passengers. The alarm seems to have been given first aboard the Quinta by means of her steam whistle. The master pilot of the Quinta steamed quite close to the Tereira, now almost entirely unmanageable. He intended to run alongside near enough to save the passengers, who were in imminent danger of being burned to death.

But when nearly in striking distance of the burning wreck he was prevented by the cowardice of the passengers of the Quinta, who, in a large crowd, went up to the pilothouse and with drawn revolvers compelled him to abandon the people on the burning boat, who were allowed to burn to death or throw themselves into the bay. A large number of launches and other craft hastened from the Rio side and attempted to save the drowning men, women and children, and many were thus rescued, but over 100 lives were unnecessarily lost.

## Won Four Suits.

WILKESBARRE, Pa., Feb. 4.—William Stuart, who claims to be a descendant of William Penn, and is seeking to obtain possession of valuable land, which he asserts Penn bequeathed to his heirs, has won the first step in his fight. He has just succeeded in getting four judgments in the Luzerne county courts. They are against Hugh Williams, William Freeman, R. F. Watts and William H. Nash, who are in possession of property in Plymouth township. Stuart, whose residence is in London, came here about six months ago for the purpose of prosecuting his claim.

## Famous Pool Player Dead.

NEW YORK, Feb. 4.—Charles H. Manning, the pool player, died at his home in this city yesterday from grip and pneumonia. Manning was 32 years old. He had the reputation of being one of the crack pool players in the country. Five years ago he won the title of champion by beating Albert Powers. Deor challenged Manning immediately and defeated him. During the latter part of this month, Manning was to have played a match for \$1,000 with Grant Eby of Springfield, Mass.

LONDON, Feb. 4.—The Dunkirk correspondent of The Standard says that the master of a Danish steamer that has arrived at that port reports that he saw a number of bodies with life belts on them floating off the Dutch banks.

## Son Kills His Father.

WILMINGTON, Del., Feb. 4.—Amos McColey, a 15-year-old farmer, near Milford, in a fit of anger, yesterday, struck his father on the head with a club, inflicting injuries which caused his death shortly afterward.

In the Ledger's first article on electric railway, Br'er Davis placed the cost at \$25,000 a mile. Saturday he gave some figures placing the cost at \$12,000 a mile. If that isn't a full, what do you call it, Br'er Davis?

The Georgetown News-Democrat explains the Cincinnati Enquirer's advocacy of the free coinage of silver by the statement that the owners of the Enquirer are said to have a personal interest in the matter. Personal interest seems to go further than patriotism with too many nowadays.

The Ledger in talking about the probable cost of an electric road to Mt. Olivet, figures on six cars. Now who said it would require that many cars to operate the road? A gentleman connected with the Maysville Street Railway believes the proposed Mt. Olivet road could be operated with one large motor car, with a few trailers for special occasions. This would cut the Ledger's figures considerably.

The Ledger presented some figures Saturday as to the probable cost of an electric railroad between Maysville and Mt. Olivet, the substance of his argument being that such a road would cost something over \$12,000 a mile. Br'er Davis weakens his talk, however, by the statement that the rails, spikes and bars of the Maysville street railway cost about \$2,000 a mile,—"over \$2,000 a mile" were his exact words. If the rails, bars and spikes cost only about \$2,000 a mile, we don't believe it would take \$10,000 a mile to put the track down and fit it up in running order. The Ledger will probably find that the Chicago Electric Railway Review knows as much about the cost of such roads as Mr. Hauss or anybody else.

Mr. Joe Mann is here from Covington visiting his relatives and many friends. Joe is a jolly good fellow and we would be glad to see him locate in Maysville.

The beautiful rainbow reflected Tuesday morning, last week, by the sun's rays entering the drops of snow was a phenomenon of rare occurrence in our latitude.

Mr. Billie Thackston's house took fire a few days ago from a defective flue, but with quick and active work, the blaze was extinguished with little damage to the house.

Mr. Henry Bradt, our efficient blacksmith, has been incapacitated from labor the past two weeks from an affliction of the hand. His friends will be glad to learn he is steadily improving.

Superintendent Ryan, of the infirmary, is economizing this winter to some extent by using wood, a supply of the county farm, for fuel instead of coal, although this entails the county's expenses gives him extra care and attention as many of the inmates are irresponsible. It proves him to be the right man in the right place.

## THE SOUTH'S AWAKENING.

**Business in That Section Looking up and Interest in Industrial Enterprises Increasing.**

BALTIMORE, Jan. 31.—Special reports to the Manufacturers' Record show increasing interest throughout the country in Southern matters—the tendency of population and manufacturing enterprises southward being very marked, while in the South itself there is a general awakening in business circles and much activity displayed on the part of local people in the organization of industrial enterprises. Among the leading industries reported for the week are two \$100,000 cotton mill companies, a \$250,000 brick works, a \$250,000 manufacturing company, opening up extensive coal mines, \$100,000 irrigation company, \$100,000 drug company, and a proposed \$250,000 cotton mill.

## ROBERTSON COUNTY.

**The Bulletin's Mt. Olivet Correspondent Tells of the Latest Doings in That Section.**

Howard Saxby, the lecturer, is reported ill. Thomas Tudor was in Maysville Thursday and Friday, buying goods.

It was Mrs. Wade Cook who died at Cynthiana, not Wade, as stated by us.

Lewis R. McDowell, of Sylvan Dell, was among his Robertson friends Friday.

E. Meadows is out, after an illness of three months, but is yet very weak.

W. H. Frank and Miss Clara Sayers were married Friday morning at the residence of John M. Overby. Judge Kenton tied the nuptial knot, it being his first since induction into office. The groom is about fifty and the bride about twenty-two. It is his second marriage, his first wife being a daughter of the late Hutton Bentley. Miss Sayers is a niece of the late John W. Robertson, of Johnson.

## Fast Time.

"We make fast time on the F. F. V. train every day," said C. B. Ryan, of the Chesapeake and Ohio road, to the Cincinnati Enquirer Friday, "and, better than that, we bring our train in on schedule time at both ends of the route every day, with very rare exceptions. These men who run trains through a prairie country like my good friend McCormick, at the other end of the building, like to tell about fast runs and how many miles they covered in so many minutes. Of course comparisons are misleading when made with a road that runs through the mountains, like ours, but on Monday last week we were unfortunate enough to run over and kill a man, and we stopped and lost twenty-five minutes. Then we made the run of forty-five miles, between Ronceverte and Clifton Forge, and made up the twenty-five minutes time in doing it. I call it fast running for an up-grade like that."

### DETERMINED TO WED.

**"Uncle Ben" Hollis is Bound to Have the Widow Conrad—A Bracken County Romance.**

Residents of the neighborhood of Elm Grove, Bracken County, are all agog over the recent doings of Mr. Ben Hollis and Mrs. Angeline Conrad.

Mr. Hollis, or "Uncle Ben," as he is now familiarly known, is past 70 years of age, and is one of the richest land and stock owners in Bracken County. He has a family of grown-up children.

To say that they were surprised when they learned that the fires of youthful love were once more kindled in the old man's breast, and that a charming widow, Angeline Conrad, was the object of his devotion, would be putting the case mildly, says the Covington Post. They were not only surprised, but were also mad, and vowed that the wedding should never take place. The old gentleman was deeply in love with Mrs. Conrad and vowed just as strongly that he would wed the object of his adoration.

A few days ago Hollis and his affianced called at the County Clerk's office and took out a license to wed.

Just before entering the Clerk's office Hollis had stopped in at his bank, and had deposited to the credit of his intended wife \$15,000, this being one of the stipulations of the marriage contract with Mrs. Conrad. The money was placed to her credit, and was only to be withdrawn when she so desired. The pair then started out to find some one to pronounce them man and wife, but in this they were disappointed as Hollis' son, it is said, had been before them, and warned the nearest Magistrates and preachers not to marry them.

Not to be outdone, Uncle Ben and Angeline decided to elope. The aged but determined lover procured a horse and buggy, and securing his bride-to-be, started off in the direction of Germantown. They had not proceeded far when the son overtook them. He compelled the widow to get out of the buggy, and then he drove his father back home, as was mentioned in the BULLETIN some days ago.

The next day the widow received a call from Hollis' son, who tried to persuade her to give up the old gentleman. She refused to listen to the appeal.

A watch was kept on Hollis and he, seeing that the opposition to his marriage was strong, called at the bank to inquire as to the deposit turned over to Mrs. Conrad.

He was told that the money was in Mrs. Angeline Hollis' name, and as no such person existed he was in a quandary.

Uncle Ben thought the matter over, and loving the widow more than ever, he determined to get her at all hazards. He therefore hit upon a plan of satisfying his five children, which was done by giving them each a farm. Hollis has left 250 acres of fine land, containing the homestead, and he is now placed in a position to get the widow, and his or her \$15,000.

Mrs. Conrad is well fixed financially herself. It is said she was decoyed East a few years ago by green-goods sharpeners, who tried to fleece her out of money. The police came to her aid.

The Pleasant View people are preparing to give the couple a rousing serenade as soon as the wedding takes place.

### Tobacco Sales.

At the Cincinnati Warehouse Wednesday the following good sales were made from Bracken County: Mr. J. D. Hancock, 5 hhds (old) average \$14 85; Messrs. Power and Louderback, 1 hhd old at \$17 50; Mr. John Ward, a crop lot of 9 hhds old average \$11 84; Mr. B. F. Ginn, 3 hhds old average 14 58.

Mr. T. L. Best, of Mason County, 9 hhds old average \$16 50 (\$12 50 to \$20); Mr. A. M. Louderback, of Bracken County, 3 hhds new average \$14 41 (\$12 50, \$15, \$15 75); 35 of the sales averaged \$14 96.

At the Miami Warehouse Colonel L. H. Drake, Ripley, sold 8 hhds new, averaging \$11 88; Messrs. Martin and McKinley, of Polindexter, sold a crop lot of 9 hhds new averaging \$12, and Mr. T. M. Curl, of Polindexter, Ky., a crop lot of 8 hhds new averaging \$9 (\$4 to \$15 25).

### Mr. A. Honan Assigns.

Mr. A. Honan, who has been engaged in the boot and shoe business for years, assigned late Saturday afternoon for the benefit of his creditors. Mr. W. H. Means is the trustee. The assets will probably amount to \$3,000; liabilities not stated.

Mr. Honan's many friends will regret to learn of his financial troubles.

A LATER dispatch than the one published elsewhere concerning the compromise of the Simonson divorce suit at Flemingsburg says Mrs. Simonson gets \$12,000 and possession of her two children for a term of two and four years.

A FAVORABLE report has been made to the Indiana Senate on the Shively Bill amending the libel law. The bill requires that publishers shall have an opportunity for retraction, and that after retraction only actual damages shall be allowed.

THE sensational Simonson divorce suit at Flemingsburg has been compromised. Mrs. Simonson secures control of the three children and is allowed a liberal alimony, but what the amount is her attorney refuses to state at present, as the parties wish to keep the matter quiet.

WARRANTS have been issued against the Presidents of all turnpike roads in Jessamine County, except one, for failure to comply with the law requiring each company between September 15 and October 15 of each year to file with the County Clerk a statement showing the financial condition of the road.

GEORGE BLACKBURN, aged twenty-two, son of Richard Blackburn a prominent farmer of Harrison County, swallowed a piece of glass while eating a week or so ago. It had fallen into the skillet from a lamp chimney while his mother was getting breakfast. It lodged in his throat and the doctor was unable to extract it, and Friday night the young man expired in great agony.

### Good Roads.

Exchange: "Some forty miles of Telford road, costing about \$40,000, were built in a New Jersey county in 1889 and 1890 from the trap rock. The money was obtained on bonds of the county. Along the line of this road land has increased from 50 to 300 per cent. It has paid for itself already in the development of real estate. One and a half millions of dollars in one year have been added to the taxable basis in a section covering one-half of the county. This increase will pay the yearly interest on the cost, leaving surplus enough to discharge the entire bonded debt as it falls due."

An electric road between Maysville and Mt. Olivet would greatly enhance the value of land along the route.

### A NATIVE OF MAYSVILLE.

**Milton C. Smith Dies at Stewartsville, Mo., at a Ripe Old Age. Other Deaths.**

Mr. Milton C. Smith, who was born and reared in this city, died January 15th, at his home at Stewartsville, Mo., in the eighty-third year of his age. His wife was Miss Mary E. Kilgour, who survives him. Deceased was the father of Hon. R. K. Smith, of Brooksville, and leaves many relatives in this county. He went West in 1861, and had resided in or near Stewartsville ever since. The News of that city, in noticing his death, says: "Uncle Milton Smith was well and favorably known throughout the county. His long residence in the county made him many close friends who are in deep sympathy with his aged companion and family. For a number of years he was a devoted member of the M. E. Church, South. He died in the faith of the Christian religion which had so long been his consolation. He was never known to have used a word of profanity. A higher compliment could not be conferred on one of his age."

Mrs. Fannie Rea, wife of Mr. Harry Rea, of Dayton, Ky., died Saturday night at the home of her uncle, Mr. Frank Stahl, near Washington. She had been ill for some time with consumption. Two weeks ago she was thought to be improving and came up on a visit to Mr. Stahl and family. There was a change for the worse, however, and she succumbed to the dread disease Saturday night. Her remains were taken to Dayton this morning for interment.

Mrs. Josephine Howard, of Covington, died Saturday morning at Christ's Hospital, Mt. Auburn, Cincinnati, aged seventy-six years. The funeral occurred Sunday morning, and the remains were brought here this morning for interment. Deceased was the wife of the late Richard Evan Howard, who left many relatives in this city and at Orangeburg.

Mrs. James Bass, colored, wife of the head waiter at the Central Hotel, died Sunday afternoon, of consumption. She was twenty-seven years of age, and was a faithful member of the Baptist Church. The funeral will occur Wednesday afternoon at 2 o'clock.

DEALERS in cigarettes are required to pay a license of \$100 a year in Hodgenville.

STERLING silver novelties, just the thing for progressive culture parties, at Murphy's, the jeweler; also the largest line of sterling silver spoons at the lowest prices.

A FOUNTAIN pen is a good thing to carry with you, and the cost is so little most everybody can afford to buy one. Those sold by Ballenger, the jeweler, are the best. Satisfaction guaranteed. See his gold pens.

JOSHUA HODGE, who was recently given an eight-year sentence to the Ohio "pen" for horse stealing in Adams County, bears a striking resemblance to a man of that name who lived out on the Fleming pike a few years ago.

THE case of the Brooks-Waterfield Company, of Cincinnati, against H. C. Stroman, Smith Grimes and J. W. Little, of Adams County, came to a close Saturday morning by Judge Collings giving a judgement for the plaintiffs in the sum of \$5,894.80 and costs of suit.

WILLIAM BROWN, colored, died Saturday afternoon at 4 o'clock at his home in Sixth ward, of typhoid fever. He was thirty-three years of age, and leaves a wife and two children. He will be buried to-morrow by the Grand United Order of Oddfellows of which he had been a member for some time. The funeral will occur at Sedden Chapel M. E. Church. The members of the order are requested to meet at their hall at 12 o'clock.

THE Mt. Olivet (Ky.) Tribune vouches for the following remarkable condition of facts as existing in a country school in that vicinity, and one which, perhaps, is unparalleled, in the same relation. Of the fifty-five children in attendance at the school each one is related to all the others by ties of consanguinity, or by marriage. And one or the other of the parents of each one of the fifty-five children was either a pupil of or a school-mate with the present teacher of the school prior to their own marriage.

THE free turnpike system inaugurated by Fayette county is said to be cutting a considerable figure in the prosperity of several towns in adjoining counties. Many farmers who have heretofore been patronizing the merchants of Versailles, Georgetown and a number of other towns, are turning toward Lexington, to which they can go without encountering the tollgate. It is the general opinion that it is only a question of a short time when the surrounding counties will be compelled to follow the example of Fayette County.

## FORECAST OF CONGRESS.

Probable Program of Both the Senate and House.

WASHINGTON, Feb. 4.—The senate will probably devote the week largely to discussion of the diplomatic and consular appropriation bill, and the greater number of the speeches will be based upon the financial situation and the senate amendment for the construction of a cable to the Hawaiian Islands, which will in all probability reopen the entire Hawaiian question.

Senator Allen expects to address the senate on Tuesday on his resolution for the investigation of the Alabama elections, and it is possible that that resolution may call out other speeches. They are liable to be cut short, however, by the calling up of the diplomatic bill, with its Hawaiian amendment and the possibility of many speeches on the subject.

A contest is likely between the friends of the bankruptcy, pooling and territorial bills for the time which may be available when the appropriation bills and the Allen resolutions are not under consideration, but this will probably depend upon whether the Democratic steering committee shall find itself able to agree upon a recommendation. The supporters of the bankruptcy bill are still determined that it shall hold its place if possible, while the supporters of the pooling bill are just as eager to displace it, if they find an opportunity. The probabilities now are, however, that but little, if any time, will be given to either of these bills during the week.

It is possible that the finance committee may bring in a report of some kind on the financial currency bills before it on Tuesday, and if it should do so the report may have the effect of adding zest to the debate on this question. The latter half of the Saturday session will be devoted to eulogies on the late Senator Stockbridge.

### Program of the House.

WASHINGTON, Feb. 4.—The question of legislation for the relief of the treasury will be again debated in the house this week. The administration financial bill introduced in connection with the president's special message as amended by the committee on banking and currency, will be called upon Tuesday, and according to the present program will be debated Tuesday, Wednesday and Thursday.

It is not the present intention to bring in a special order to close the debate and bring the measure to a vote when the bill is brought up but to allow the debate to run for a day or two before bringing in the order.

Today will be given to the committee on claims which has been shut out by the press of business for some time. The remainder of the week will be devoted to appropriation bills, of which the legislative, naval and general deficiency are yet undisposed of.

### THE RAIL BROKE.

A Passenger Coach Hurled Down a Fifteen-Foot Embankment.

NEWTON, Ill., Feb. 4.—A bad wreck of an extra freight train carrying a passenger coach on the Indiana and Illinois Southern railroad, two miles west of Oblong, occurred at 1:30 o'clock yesterday afternoon. The train was running, it is said, over double the schedule time when the rail broke, plunging five cars, including the coach, down a 15-foot embankment.

Ford's Theater company, billed here for this week, composed of 11 people and two other passengers, were in the coach.

The following were injured: Clint G. Ford, manager, arm hurt. George M. Adams, leading man, arm and hand badly cut; internal injuries. Harry Faherney, comedian, head and arm cut.

George W. Jackson, foot mashed. D. W. Sengrist, hand and leg gashed and badly bruised.

T. H. Hand, serious head wounds. The three ladies escaped without injury.

The coach and two of the cars are a mass of ruins.

None of the passengers will die.

### Fire in a Hotel.

PITTSBURG, Feb. 4.—An early morning fire at McKeesport, Pa., near here, destroyed the Hotel Columbia, Warren's wholesale commission house and a 3-story brick dwelling. The fire started in the kitchen of the hotel and spread so rapidly that the guests were compelled to leave in their nightclothes. One man, whose name is not known, the register having been destroyed, is missing, and is believed to have been burned to death. The total loss is estimated at \$75,000.

### Bad Boys Go to Jail.

KANSAS CITY, Feb. 4.—Six boys, ranging in age from 9 to 12 years, have been arrested here for stealing gloves from the front of the Union Mercantile company's store. Everyone of the boys has served several terms in the county jail and Arthur O'Dell, the leader is 12 years old and has been in jail 20 times. The six boys were linked together and like a string of sausages were marched to Justice Spitz' court where they were each sentenced to 60 days in jail.

### Called Out and Murdered.

KENTON, Tenn., Feb. 4.—William Wisdom, a farmer, living three miles north of here, was called out last night by an unknown man who fired two shots, one of which took effect in Wisdom's stomach. As he fell his assailant beat him over the head and face, fracturing the skull and entirely severing one ear. Taking the murdered man's pocketbook the murderer escaped before the neighbors could come to the rescue. There is no clew.

### Two of Our Cruisers Sail.

SAN DIEGO, Cal., Feb. 4.—The cruisers Alert and Ranger sailed at 3 o'clock yesterday for the southern coast, the Alert having been ordered to San Jose de Guatemala, and the Ranger to Buena Ventura, Colombia.

### Italy's Earth Still Shaking.

ROME, Feb. 4.—Light earthquakes were felt yesterday at Placentia, Port Maurizio, Pavia and Genoa.

## He Probably Guessed It.

"No, I don't want it cut, and I don't want it trimmed," snarled the shaggy haired young man, seating himself in the chair and glaring savagely at the barber, "and I'm not a football player nor a pianist, and I haven't taken any vow not to have it cut. Perhaps that will save you the trouble of asking questions. All I want is a shave."

"Yes, sir."

The barber worked in silence for ten minutes.

"I have a brother," he remarked at last, "that's got a head shaped just like yours. He has to wear his hair the same way."—Chicago Tribune.

### Schooner Wrecked.

ORMOND, Fla., Feb. 4.—The two-masted schooner Ollie, worked by John and Robert Scott of East Jacksonville, and bound from Melbourne to Jacksonville, was wrecked on the beach yesterday and went to pieces. The men who had been standing at the pumps waist deep in water were taken off the vessel in an exhausted condition by Captain Robinson in a canoe after five attempts.

### Loss Covered by Insurance.

CHICAGO, Feb. 4.—The commercial building in South Chicago, a 3-story brick building, burned yesterday evening. The first floor was occupied by stores, while on the second floor there were a number of offices. Kress & Jenkins, the owners of the building, were the heaviest losers. Their loss is \$25,000. Total loss is \$50,000, covered by insurance.

### Battery of Boilers Explodes.

MUSKEGON, Mich., Feb. 4.—The battery of two boilers in Gray Brothers' planing mill exploded last night. The boilerhouse, engine room and dry kiln were completely wrecked. John Johnson, the watchman, was blown to atoms. The loss is estimated at \$12,000, with no insurance.

### Family Quarrel Opened Up.

VINCENNES, Ind., Feb. 4.—Mrs. Louisa Jordan, a member of one of the most prominent families in this county, and the sister-in-law of Auditor Jordan, was arrested yesterday for setting fire to a grist mill last July at Decker station. She waived examination and was held for trial. The affair has created a most profound sensation, and opens one of the bitterest family quarrels ever known here.

### Strike Threatened.

PITTSBURG, Feb. 4.—A strike is threatened at the rolling mills of Devoes' Wood company at McKeesport, on account of a proposed reduction of 10 per cent in the wages of the 1,200 employees. A 15 per cent reduction was made six months ago, and the men say they will not submit to another reduction.

### Found Dead in Bed.

CHICAGO, Feb. 4.—George Brown, a wealthy resident of Sarnia, Can., who was visiting his daughter in this city, was found dead in bed this morning, having been asphyxiated by escaping gas which he had failed to properly turn off.

### Riot on a River Boat.

NASHVILLE, Feb. 4.—Last night a riot occurred on the steamer P. D. Staggs, a few miles up the Cumberland, in which Captain A. T. Armstrong was stabbed in the breast by a drunken raftsman. A few hours afterward Captain Armstrong died from the wounds inflicted. McClure Williams is under arrest, charged with the murder.

### Village Destroyed by Fire.

LULA, Miss., Feb. 4.—The little village of Jonestown, in Calhoun county, was completely destroyed by fire yesterday. Among the burned buildings are the Jonestown bank, Shaffer's dry goods, A. G. Jacob's dry goods, Montgomery's law office and Ganong's drugstore. Loss, \$50,000; insurance, \$30,000.

### Two Children Perish.

GLENWOOD SPRINGS, Colo., Feb. 4.—News has just been received here that a cabin at Spring Gulch, occupied by the family of James Gaul, a miner, burned and two children, aged 1 and 5 years, perished. It is supposed they were playing with the coal oil can.

### Church Destroyed by Fire.

LONDON, Feb. 4.—Fire which originated in the furnace room, completely destroyed the Queen's Avenue Methodist church early yesterday morning. The church was the largest in the city. The loss is \$90,000, insurance \$26,000.

### Death Due to a Shock.

INDIANAPOLIS, Feb. 4.—John Welsh, a baggage man on the Vandalia train that was wrecked at Coatsville, died at his home in this city yesterday. His death is said to have been due to the shock he sustained when the train was wrecked.

### Coasters Collide With an Electric Car.

READING, Pa., Feb. 4.—A sleddload of coasters collided with an electric car here yesterday. Robert Wilman and Ernest Fisher, boys, had their skulls fractured and will probably die. Francis Fisher was painfully injured.

## A NEW SYSTEM.

The C. and O. Adopts a Method of Its Own in Regard to Interlocking Switches.

The Chesapeake and Ohio has put in effect a novel interlocking switch device known as the staff system. The name is given because of the fact that the engineer carries in his hand a bar or staff of steel about thirty inches long and two and a half inches in diameter. There is a two mile stretch of road near the West Virginia line, taking in Lewis tunnel and the Jerry Run fill, where, on account of the expense, it is not practicable to lay a double track. At each end of this single track there are double tracks and interlocking switches. As soon as a train approaches, the operator goes out to the track, gives the engineer the signal if the piece of single track is clear, and he slows up to about ten miles per hour. As the engine passes the operator he hands the engineer the steel staff, which he carries to the operator at the other end of the single track, who cannot open the switch at that end until he receives the staff with which the switch is opened.

When the staff opens the switch at one end of the single track the switch at the other end is closed by electricity, and cannot be opened until the staff is delivered by the engineer to the operator. This novel device makes it impossible for two trains moving in opposite directions to be on this single piece of track at the same time.

### Didn't Make a Sale.

A Lewistown family, which traces its ancestry back beyond the Revolution, owns an old coat which is supposed to have been worn by a major in the colonial army, and which is stained by his blood. This coat hangs in a showcase in the hall, among other curiosities, and the family have for 50 years pointed to the yellow stain with pride. The other day a peddler came to the door and was left standing in the hall to await the lady's pleasure in seeing him. He sold some kind of infallible soap to remove stains, and seeing the coat and its honored stain he thought to please the owner by removing the discolor.

"You see, madam, that this soap is sure to remove stains of all kinds," he said when she appeared, and he pointed to the coat.

He did not sell any soap there.—Lewistown Journal.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live latter than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
